

OUR ENVIRONMENT AND SOCIAL POLICY

We have assumed a responsible stance with regards to protecting, conserving and developing our natural environment in order to leave a prosperous future for the present and future generations.

We endeavor and strive to the best of our abilities to do our utmost in order to meet and achieve our objectives;

- ◆ By consciously providing utilization of natural resources such as water and energy, reduction of waste by implementing austerity techniques and management of waste products.
- ◆ Reducing factors which cause environment pollution. Preventing pollution before they occur.
- ◆ Ensuring we conform to and willingly provide unconditionally, Health and safety laws, statutes, rules & regulations in the work place and the environment.
- ◆ In our endeavors it is our intention we strive to prevent every kind of environmental pollution.
- ◆ Environmental operations aspects are taken into consideration in all of our workplaces divisions.
- ◆ Ensure utmost consideration and application when actioning our re-cycling policy.
- ◆ We continuously question our environmental awareness regime with regards to our efforts when procuring products which may impact on the environment.
- ◆ To create a community to be consciously aware on the subject of environmental issues with our personnel, guests, suppliers and generally to organizing events and to participate in the events.
- ◆ To regularly monitor and further improve the quality of service we give.
- ◆ Our behavior towards our personnel and guests is equal, without prejudice and distinction regarding their culture, language, religion, race and gender.
- ◆ We have created a pleasant and secure workplace for our employees.
- ◆ It is our objective to fashion local environmental awareness with our community by mutual co-operation and communication with local establishments and managements to articulate our environmental friendly stance and perspectives.
- ◆ The activities we undertake and contribute to the local population living within our proximity, helping to develop their chosen professions. We also support and contribute by organising social responsibility projects to the underprivileged members of our community.
- ◆ We also support and contribute to members of our deprived community benefitting through from our resources.
- ◆ We purchase as many local produce as it is possible to do so.

We the **LIBERTY HOTELS LARA** are committed to keeping our promises made on all of the above matters by all departments and on-going working processes on the subject of the environment.
